

Container and Seal Inspection Workshop

Supply Chain Security in a New Business Environment

Inspection Workshop

This inspection workshop is intended to help you recognize containers and seals that have been compromised for the purpose of smuggling terrorist, terrorist weapons and contraband.

The methods used within this workshop handout do not supersede company policies and procedures regarding security at the workplace.

If suspicious cargo and/or contraband is detected, immediately notify your Supervisor. If needed, contact the proper authorities and U.S. Customs & Border Protection.

- 7-Point container inspection conducted.
- 17-Point tractor and trailer inspection conducted

7-Point Inspection

17-Point Inspection

Supply Chain Security in a New Business Environment

Policies and Procedures...

Inspection processes should be implemented at all foreign and domestic locations:

- **Manufacturers**
- **Suppliers**
- **Vendors**
- **Sea Carriers**
- **Logistical Service Providers**
- **Distribution Centers**
- **Container Storage Depots**
- **Warehouses**

* The more locations these processes are implemented, the higher level of security your shipment will have.
