

## TSCA Certification Statement

Product Code/ Item Number: \_\_\_\_\_

Product Description: \_\_\_\_\_

Tariff Code: \_\_\_\_\_

For the product mentioned above, select **one** of the following:

**Positive Certification:** "I certify that all chemical substances or composite wood products in this shipment comply with all applicable rules or orders under TSCA and that I am not offering a chemical substance for entry in violation of TSCA or any applicable rule or order thereunder."

A positive certification means that the chemical substance complies with all applicable [TSCA regulations](#).

All regulated composite wood products and finished goods containing composite wood products, manufactured in or imported into the United States after March 22, 2019 are required to be certified as TSCA Title VI compliant by an EPA TSCA Title VI TPC with all of the required accreditations. More information can be found [here](#).

**Negative Certification:** "I certify that all chemicals or composite wood products in this shipment are not subject to TSCA."

Negative certification should be used if the composite wood product does not contain formaldehyde

**Please contact below if further information is required.**
