What our Clients are Saying

Doni ★★★★★

"GLC is an excellent forwarding company! My rep Sean Kidder is amazing! He is so informative and makes it a point to keep us up to date on what is going on in the shipping world (even if it isn't what we would like to hear!). We are able to be more effective as a result of the information that he provides and we greatly appreciate him for that. If you are looking for a forwarder that communicates well and keeps you up to date on what is happening with your shipments, you definitely want to give GLC a try!"

Meryl ★★★★★

We have been working in partnership with GLC as our preferred US agent for a number of years now and cannot recommend them highly enough. My main points of contact (Quyen/Jessica) are always very responsive and go above and beyond in assisting us. Their knowledge is excellent which makes our job much easier. We look forward to our continued relationship expanding further in the future

Christopher ★★★★★

I have used Glc for several years now on multiple Imports. Derek has put a wonderful team together, I worked with Radu, Rodney, Stephanie and Frank. They are always responsive. I have learned so much from Rodney especially. So much so, that I know they are experts in their field and wouldn't ever want to navigate the risks of Importing on my own (trust me, I tried. Don't do it) There were several times where I was planning on importing items, then went with local items due to the clients need, and i felt like I wasted GLC s time, but GLC never gave me the impression that I wasted their time. They have always provided A+ stellar service.

Through an emphasis on customer service to our clients as well as our valued worldwide partners, we have been rewarded with extensive support and growth. It is our dedicated and custom-built service that separates us from our competitors. We value a sense of urgency and impeccable execution in the services we provide. We encourage a **“Speak Up, Listen, and Take Action”** culture amongst our teams, and embody a **“No Excuses”** mentality toward success.

- Importer Security Filings
- Continuous Bond Management
- TIB Entry Processing and Management
- Duty Drawback Entry Filing
- Establish a Direct ACH with US Customs and Border Protection Agency
- Periodic Monthly Statements
- Government Confidentiality Request

What our Clients are Saying

Sadiya

They are ROCKSTARS!!! Always highly communicative when our container arrives from overseas. They do a fantastic job finding trucking companies for deliveries. We always receive our containers in a timely manner. They have a great handle on Customs and FDA clearance. I highly recommend them.

Mitch

We reached out to GLC when we were in a bind. They were very helpful, super responsive and took our project seriously all the way through to execution. We would not hesitate to use them again..

VISIBILITY YOU CAN TRUST.

Delayed filings, misclassifications, and late payment of duties are all costly mistakes. That's why GLC provides visibility you can trust. You will receive ISF Submission Notifications, Customs Entry Processed Notifications, and Release Notifications direct to your inbox through advanced information systems.

Automated daily, weekly, and per entry dimensional reports will provide you with actionable data that will aid in a seamless and compliant import.

Nationwide Trucking Services

LTL

Less Than a
Truck Load

FTL

Full Truck
Load

- **Nationwide Container Drayage**
- **Final Mile**
- **Overweight, Refrigerated, HAZMAT Delivery services.**
- **Local Pickup and Delivery Courier Services**

Our services include nationwide pickup and delivery, full-service consolidation and distribution, accurate and real-time online shipment tracking services, and port pickup and drop-offs for international cargo shipping. A variety of truck sizes are equipped to handle every need, from industrial-sized cargo to fresh produce and retail goods.

FAQ'S

When should you choose LTL service over FTL?

LTL (less than a truckload) is a consolidation of multiple companies goods to fill a trailer. This service is a cost-effective way to transport small and medium-sized shipments, which would not account for a full truckload on their own. However, if shipping a commodity that requires special handling, is time-critical, or is of high-value, GLC recommends a dedicated truck regardless of the load's size.

At GLC we understand that in business, results matter. That 's why GLC works closely with our clients, listening to your ideas, needs, and goals to customize our supply chain consultations to create a complete strategy and seamless implementation. GLC's consultants' team will create a personalized and comprehensive supply chain that mitigates risk while increasing efficiency and managing cost from raw materials and network design to inventory analysis and sustainability.
